What activity did you enjoy the **most**?
Why?

What activity did you enjoy the **least**?
Why?

Did the **Eco Day** experience change your attitude toward our lakes?
How?

How can we improve the activities for next year?

What else would *you* like to learn about our lakes?

What activities should we add/include next year that would help you understand more about the lakes and how to respect and enjoy them more?

What is this insect?
